DO YOU NEED A NURSE?

The County Board of Health has budgeted for enough money to extend the scope of its influence and to secure and pay the expenses of one Public Health Nurse. The Board realizes that one nurse cannot do all the work there is to do in this County but it is content to let its work branch out and grow gradually believing that the course of time will bring to the taxpayers the realization that the money spent in Health work brings higher returns on investment than any other fund which is spent from money collected in taxation. In its first budget, submitted for 1920 the Board asked for funds to employ a full time Commissioner and two nurses. However, it proved impossible to obtain the funds asked for and the Board finally accepted a fund of \$3750 of which \$1125 comes from the State funds. This amount does as a beginning but it is impossible to carry on another year with the same amount.

The need for the services of a nurse is shown by the following figures which have been issued by the United States Public Health Service, are authentic.

Out of every five children born on the farm in the United States, one dies before the age of twelve months.

Whereas the farmer who would not seek the best scientific aid he could get if one fifth of his calves died every year.

Each year out of every ten farm families who die, one dies of tuberculosis and this is remembered, in the prime of his life.

Every year fifteen thousand American mothers, most of them farm mothers, die unnecessarily in child birth, because they are not educated or encouraged to seek and get proper medical care before their babies come. They are denied such care as is nearly always at command of the city mother.

This is the sort of work for which the Fulton County Board of Health was organized. If you believe that this sort of service is worth having for, if you want someone to help you in saving your lives and your children's lives, write us a letter and let us know about it.

All those who are interested are urged to read "The Lookout on the Mountain" by Robert Blue, which appears in the April number of the "Ladies Home Journal".

C. H. Skeen, M. D., Commissioner of Health

ARCHBOLD CLOTHING STOCK RECOVERED

Mr. I. E. Lauber of Archbold has recovered practically all of the clothing stock stolen from his store Wednesday morning, April 7th. The stock, or most of it was found by a Toledo patrol man in the rooms over the Cafe of Joe Marow on Cherry Street on Thursday morning. Some 25 suits and 10 overcoats had been disposed of but were traced and Mr. Lauber secured them Monday of this week. So far the stolen goods have been implicated in the robbery have been apprehended by Sheriff Boone with the co-operation of the Toledo Police Department, Edward Rogers, Ramsey, Joe Marowitz and Stanley Pilaczynski. All of these have been bound over to the Grand Jury.

A BIRTHDAY SURPRISE

Miss Ephraima Gushman was responsible for a very pleasant surprise on Mrs. Mary Donitio on Tuesday evening, April 13th, the occasion of her birthday anniversary at the Archbold home on Clinton Street. Old friends and neighbors whom Mrs. Donitio found waiting to offer their sincere congratulations and best wishes. Mrs. Sarah Blake, Mrs. F. L. S. Darby, Mrs. Mary Gremble, Mrs. M. A. Davies, Mrs. Nellie VanBuren, Mrs. J. C. Borick and Mrs. Dolf. These ladies brought with them a beautiful plant which they left as mementos of their friendship and Miss Gushman served the party with one of the delicious dinners for which she has become famous.

How Diphtheria is Contracted

One often hears the expression, "My child has developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

There will be meetings held in the following places during the coming week for the purpose of organizing local branches of the Northwestern Co-operative Sales Co.

Every milk producer is vitally interested in the competing of the above organization and now is the time for him to do his part in accomplishing that end.

The Junior Naval Cadets of Toledo come here at the High School Auditorium next Wednesday evening, April 21st to give one of their famous musical concerts.

This band under the leadership of Gustave Koehler, numbers forty pieces and are coming here for the benefit of our own Boy Scout band. They make no charge for their services. They will come in a special car over the T. and I. electric and will be met by our Boy Scout band and escorted to the High School auditorium. The concert will be eight class and will be enjoyed by all who care to hear good music. The concert will begin at 7:45 prompt. Sale of tickets will be limited on account of seating capacity. The price of tickets has been placed at 35 cents and there will be no reserved seats. Secure your tickets of the Scout Boys early or phone Mr. Ives, Mr. Wager or Mr. Geo. Gorsuch.

Remember it is Wednesday evening at 7:45.

A GOOD FARM RECORD

Bank checks show the time, to whom and the amount of money paid out. A bank book gives a record of deposits, by date and amount. This plan furnishes the farmer ample security for farm working capital and farm profits, as well as a reliable means to disburse funds safely and conveniently. All in all a checking account is a reliable, accurate record of farm money matters.

SWIFT'S PRODUCE REVIEW

Recent arrivals of Danish butter have had little effect on prices, contrary to the views of many dealers. This butter, on account of its fine quality, has gone to very discriminating trade. The manufacture of butter in this country is at present a little less than a year ago and consumption is heavy, so that the market as a consequence has remained firm. If present weather continues it should bring a larger production of butter each week from now on.

Receipts of live poultry have continued extremely light, and on account of the heavy demand for live fowl for the Jewish holidays, live poultry has sold at record prices. The movement of live fowl from the farmers in Southern States is beginning to increase and prospects are for slightly lower prices.

Production and receipts of eggs have continued to show material increases, but, on account of the heavy demand for eggs, and the fact that at the time of the year eggs, on account of quality, are being put in storage, markets have continued on a high level.

PLAYING ENGLAND'S GAME

There seems to be absolute harmony, if not agreement between the British press and the New York World, leading Democratic paper of America. The World wants the league of nations covenant and Hoover for President. The Manchester England Guardian, says that "The question of who is the next President matters infinitely more to Europe and the world than the date of the treaty's ratification of the character of the reservations." The World is not insisting upon the league as vigorously as upon the nomination of Hoover by the Republicans. The British press thinks the selection of Hoover for President of the United States of more importance than the league, for the Guardian adds, "Mr. Hoover's election would signify permanence in the American relationship to Europe." The New York World must feel proud, indeed, to be echoing the sentiments of London.

Why do all the Wilson Democrats want the Republicans to nominate Hoover?

The Ohio Farmers Insurance Co.

Paid to the Farmers of Ohio and Indiana \$117,000.00 as a result of the November 29, Cyclone.

The loss of the Company from the storm of March 28th will greatly exceed the first storm. The Company will no doubt pay a quarter of a million dollars in the two storms.

The Ohio Farmers is over 70 years old and during these 70 years have each year laid away a little surplus to take care of just such a calamity as has just taken place in Ohio and Indiana on November 29th and March 28th last.

The Ohio Farmers have a surplus for such emergencies of \$1,500,000.00

The Ohio Farmers customers have great comfort in knowing that the cost of their insurance, at least at present, will not be increased and the loss does not reduce the reliable protection, which the Ohio Farmers are giving you, with their over \$5,000,000.00 resources, which stands as your protection.

Take out your Cyclone Insurance in a Home Company that has more farmers insured in Fulton County and Ohio, than all other companies combined
